Drew & Napier LLC is the legal adviser to the Company as to Singapore law in relation to the subject matter of this Circular.

2. BACKGROUND AND RELEVANT TERMS OF THE PCS CONDITIONS

2.1 PCS Subscription

In 2014, the Company issued the PCS to the Bondholder, as the nominee of Everbright Hero Holdings Limited (“**EHHL**”), pursuant to a perpetual convertible securities subscription agreement entered into between the Company and EHHL on 30 June 2014 (“**Perpetual Convertible Securities Subscription Agreement**”) (the “**PCS Subscription**”).

¹ For the purpose of computing the figure in Section 1.1(b) of this Circular, the Company has assumed the Effective Date to be 29 December 2022.

LETTER TO SHAREHOLDERS

The aggregate principal amount of the PCS is S\$185,000,000. The issue price of the PCS was 100% of the aggregate principal amount of the PCS. The PCS were issued in two tranches. Tranche 1 comprised S\$165,000,000 in aggregate principal amount of PCS and Tranche 2 comprised S\$20,000,000 in aggregate principal amount of PCS.

The initial Conversion Price was S\$0.318 per Share.

Shareholders' approval was obtained pursuant to Rules 803, 805 and 824² of the Listing Manual for, among others, the following:

- (a) the proposed issuance of the PCS to EHHL or its nominee; and
- (b) the allotment of up to 581,761,006 Conversion Shares including such number of Conversion Shares required to be allotted and issued upon the conversion of any of the PCS upon adjustment of the Conversion Price in accordance with the PCS Conditions.

2.2 Rate of Distribution

The PCS confer on the Bondholder the right to receive Distributions at such rate calculated in accordance with the PCS Conditions. Distribution shall be payable on the PCS annually in arrears on 15 May each year (each such date being a "**Distribution Payment Date**"), with the first Distribution Payment Date falling on 15 May 2015 in respect of the period from, and including, the Issue Date to, but excluding, such Distribution Payment Date.

The payment of Distribution is mandatory but the Company may at its sole discretion elect to defer any scheduled Distribution to the next scheduled Distribution Payment Date by giving prior written notice. The Company may further defer any Arrears of Distribution following the foregoing notice requirement and is not subject to any limits as to the number of times scheduled Distribution and Arrears of Distribution can be deferred. Under the PCS Conditions, other than the option to defer, there is no exception to the payment of Distributions by the Company to the Bondholder.

The Rate of Distribution, except in the event of a Change of Control event or an Event of Default, is:

- (a) in respect of the period from, and including the Issue Date to, the third anniversary from the Issue Date (but excluding the date of the third anniversary from the Issue Date), 8.75% per annum. Accordingly, the Rate of Distribution from 17 October 2014 to 16 October 2017 is 8.75%;
- (b) in respect of the period from the third anniversary of the Issue Date (and including the date of the third anniversary from the Issue Date) to the fifth anniversary from the relevant Issue Date (but excluding the date of the fifth anniversary from the Issue Date), 9.50% per annum. Accordingly, the Rate of Distribution from 17 October 2017 to 16 October 2019 is 9.50%; and
- (c) in respect of the period from and including the date of the fifth anniversary from the Issue Date, 9.50% plus 5.00% per annum plus the applicable five-year U.S. Treasury Rate, which will be reset every five years.

As at the Latest Practicable Date, the applicable 5-year U.S. Treasury Rate is 1.5575% and accordingly, the current Rate of Distribution determined in accordance with the sub-section (c) above is 16.06%.

2 Rule 803 of the Listing Manual provides that an issuer must not issue securities to transfer a controlling interest without the prior approval of shareholders in general meeting.

Rule 805 of the Listing Manual provides that an issuer must obtain the prior approval of shareholders in general meeting for the issue of, *inter alia*, shares and convertible securities, unless such shares and convertible securities are issued under a general mandate obtained from shareholders in general meeting.

Rule 824 of the Listing Manual provides that every issue of company warrants or other convertible securities not covered under a general mandate must be specifically approved by shareholders in general meeting.

LETTER TO SHAREHOLDERS

Upon the occurrence of a Change of Control or an Event of Default, the Rate of Distribution shall be, where a Change of Control event or an Event of Default occurs during the period commencing and including the Issue Date and ending on the third anniversary of the relevant Issue Date (including the date of the third anniversary from the Issue Date), (i) in respect of the period from, and including the date of occurrence of the Change of Control event or Event of Default (the “**Default Date**”) to the second anniversary of the Default Date (but excluding the date of the second anniversary of the Default Date), 9.50 per cent. per annum; and (ii) in respect of the period from the second anniversary of the Default Date (including the date of the second anniversary of the Default Date), 9.50 per cent. plus 5.00 per cent. per annum plus the applicable 5-year U.S. Treasury Rate, which will be reset every five years.

2.3 Deferral of Distributions

The Company has the right to defer the payment of Distributions to the Bondholder to the next scheduled Distribution Payment Date by giving prior written notice. If the Company were to elect to further defer any scheduled Distribution payable under the terms of the PCS that has been deferred to the next scheduled payment date (“**Arrears of Distribution**”), the amount of Arrears of Distribution shall bear interest as if it constituted the principal of the PCS at the prevailing Rate of Distribution (such amount of additional interest accrued, the “**Additional Distribution Amount**”). In addition, in the event that the Company further defers any Distribution, all outstanding principal of the PCS, Arrears of Distribution and Additional Distribution Amount shall, from and including the date of deferral of Distribution, incur additional interest of 0.015% per day (such additional interest amount accrued, the “**Additional Interest Amount**”, together with the Additional Distribution Amount, the “**Additional Amounts**”).

In the event that the Company does not provide the Bondholder with prior written notice of its election to defer any payment of scheduled Distribution to the next scheduled Distribution Payment Date, such unpaid amount of scheduled Distribution will bear additional default interest from the date of default at the rate of 15.00% per annum (“**Default Interest**”).

2.4 Settlement of PCS

Settlement of outstanding amounts due under the PCS may be satisfied by either one of the two mechanisms:

- (a) the PCS (including the principal amount, the amount of Arrears of Distribution, and any Additional Amounts) may be converted into new Conversion Shares at the option of the Bondholder (the “**Conversion Option**”). Following such conversion in accordance with the PCS Conditions, the right of the Bondholder to the repayment of the PCS will be extinguished. Under the PCS Conditions, the PCS shall be converted into Conversion Shares at the initial Conversion Price of S\$0.318 per Share; or
- (b) the Company has the right to redeem all or some of the PCS (including the principal amount, the amount of Arrears of Distribution and any Additional Amounts) at its option by settling in cash to the Bondholder.

2.5 Events of Default under PCS Conditions

- (d) if (i) any present or future indebtedness of the Company or any subsidiary of the Company becomes (or becomes capable of being declared) due and repayable prematurely by reason of an event of default (however described); (ii) the Company or any subsidiary of the Company fails to make any payment in respect of any present or future indebtedness on the due date for payment as extended by any originally applicable grace period; (iii) any security given by the Company or any subsidiary of the Company for any present or future indebtedness becomes enforceable; or (iv) default is made by the Company or any subsidiary of the Company in making any payment due under any guarantee and/or indemnity given by it in relation to any present or future indebtedness of any other person; provided that no such event shall constitute an Event of Default unless the relative present or future indebtedness, either alone or when aggregated with other present or future indebtedness relative to all (if any) other such events which shall have occurred, shall amount to at least S\$5.0 million (or its equivalent in any other currency);
- (e) if (i) a distress, attachment, execution or other legal process is levied, enforced or sued out on or against all or any substantial part of the property, assets or revenues of the Company or any principal subsidiary (as defined in the Companies Act) and is not discharged or stayed within 30 days; or (ii) any step is taken by any person with a view to the seizure, compulsory acquisition, expropriation or nationalisation of all or a material part of the assets of the Company or any subsidiary of the Company;

LETTER TO SHAREHOLDERS

- (j) a final judgment or judgments for the payment of money are rendered against the Company or any Subsidiary of the Company and which judgments are not, within 30 days after entry thereof, bonded, discharged or stayed pending appeal, or are not discharged within 30 days after the expiration of such stay;
- (k) it is or will become unlawful for the Company to perform or comply with any of its obligations under or in respect of the PCS;
- (l) any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of the above; or
- (m) the Shares of the Company are delisted or trading of the Shares is suspended for more than sixty (60) days.

Upon the occurrence of an Event of Default, the Rate of Distribution will increase as set out in Section 2.2 of this Circular.

Prior to the Latest Practicable Date, the Company had inadvertently omitted to provide the Bondholder with prior written notice of its election to defer payments of scheduled Distribution on a few occasions. Accordingly, the Company may have triggered a technical Event of Default. However, there is no practical consequence as the increased Rate of Distribution as a result of an Event of Default would not apply given that the possible technical Event of Default did not occur during the period commencing and including the Issue Date and ending on the third anniversary of the relevant Issue Date (including the date of the third anniversary from the Issue Date).

Furthermore, pursuant to the Amendment Deed, the Bondholder has agreed to waive any breach or potential breach of the PCS Conditions, including any Event of Default or potential Event of Default howsoever arising. Accordingly, assuming that the Proposed Transactions are approved by Shareholders, the possible technical Event of Default will be waived by the Bondholder.

2.6 Bondholder's Right to Convert

Under the Conversion Option, the Bondholder may exercise its conversion right in the following situations:

- (a) at any time on or after 17 October 2017 to and excluding 17 October 2020;
- (b) if an offer is made to shareholders of the Company for all the outstanding Shares of the Company, at any time on or after the offer is formally announced in compliance with applicable rules and regulations; and
- (c) if an Event of Default (as set out in Section 2.5 of this Circular) or Change of Control event occurs, at any time on or after the date of occurrence of the Event of Default or the Change of Control event, as the case may be.

Prior to April 2019, Newest Luck Holdings Limited had a 30% direct interest in the Company and was a controlling shareholder of the Company. In April 2019, State Alpha Limited, the then indirect wholly-owned subsidiary of CEL, acquired all the Shares held by Newest Luck Holdings Limited in the Company, thus resulting in an occurrence of a Change of Control event.

The foregoing acquisition of the Shares by State Alpha Limited then triggered an obligation under the Singapore Code on Take-overs and Mergers for State Alpha Limited to make a mandatory unconditional cash offer for all the issued and paid-up ordinary shares in the Company (other than those already owned, controlled or agreed to be acquired by State Alpha Limited and parties acting in concert with it).

LETTER TO SHAREHOLDERS

Given that both a Change of Control event occurred and an offer was made to the Shareholders of the Company for all the Shares of the Company prior to 17 October 2020, the Bondholder's conversion right remains valid under the Conversion Option.

3. THE PROPOSED AMENDMENTS AND WAIVERS

3.1 Key Proposed Amendments

As announced by the Company in the announcement dated 7 November 2022 made by the Company in relation to the Proposed Transactions (the "**Announcement**"), pursuant to the Amendment Deed, with effect from the Effective Date, the following key amendments are proposed to be made to the PCS Conditions:

(the "**Proposed Amendments**").

3.2 Waivers

The Bondholder has also agreed to waive, among others:

- (a) RMB401,717,000, being the difference between the amount of Arrears of Distribution accrued from 3 April 2019 up to the Effective Date³:
 - (i) calculated on the basis of the original Rate of Distribution under the PCS Conditions, which amounts to RMB627,285,000; and

- (b) RMB161,009,000, being all Additional Distribution Amount payable by the Company to the Bondholder for the period commencing 3 April 2019 up to the Effective Date⁴ as if it constituted the principal of the PCS by applying the prevailing Rate of Distribution to the relevant Arrears of Distribution;
- (c) RMB196,512,000, being all Additional Interest Amount payable by the Company to the Bondholder for the period commencing 3 April 2019 up to the Effective Date⁵ computed at 0.015% per day;

4 For the purposes of computing the figure in Section 3.2(b) of this Circular, the Company has assumed the Effective Date to be 29 December 2022.

5 For the purposes of computing the figure in Section 3.2(c) of this Circular, the Company has assumed the Effective Date to be 29 December 2022.

LETTER TO SHAREHOLDERS

- (d) all Default Interest payable at the rate of 15.00% per annum by the Company from 3 April 2019 up to the Effective Date. As no Default Interest has been recognised on the Group's financial statements, this amount is nil; and
- (e) any breach or potential breach of the PCS Conditions arising up to and including the Effective Date (including, without limitation, any Event of Default or potential Event of Default howsoever arising under condition 11 of the PCS Conditions (which has been set out in Section 2.5 of this Circular above) provided that no such waiver shall extend to, or be taken in any manner whatsoever to affect, any subsequent event of default or the right to remedies resulting therefrom,

(the "**Waivers**", together with the Proposed Amendments, the "**Proposed Amendments and Waivers**").

3.3 Conditions

The conditions precedent to the Proposed Amendments and Waivers in the Amendment Deed are:

- (a) the receipt of approval by the Shareholders for the Proposed Amendments and Waivers and the Proposed Issuance of Additional Conversion Shares as required under the Listing Manual;
- (b) the receipt by the Bondholder of a certified extract of the resolutions of the Board of the Company authorising the execution, delivery and performance of the Amendment Deed and approving the Proposed Amendments and seeking of the Waivers;
- (c) the Amendment Deed duly executed by the parties thereto; and
- (d) the extraordinary resolutions in relation to Proposed Amendments and Waivers, duly passed by the Bondholder.

3.4 Effective Date

The Proposed Amendments and Waivers are to take effect on the date on which all of the conditions precedent under the Amendment Deed have been satisfied to the reasonable satisfaction of the Bondholder ("**Effective Date**").

4. RATIONALE FOR THE PROPOSED AMENDMENTS AND WAIVERS

- 4.1 As announced in the Company's financial statements for the half-year period ended 30 June 2022, as at 30 June 2022, the Company was in a net current liabilities position. As set out in the Company's announcement dated 22 August 2022 in response to SGX-ST's queries on 18 August 2022, the net current liabilities position arose mainly due to the significant amount of provision for the distributions payable by the Company to the Bondholder under the PCS.
- 4.2 The Company intends to improve to a net current assets position so that the Company may be in a better position to approach other financial institutions for external debt financing if the need arises. After discussions with the Bondholder, the Bondholder has agreed to the Proposed Amendments and Waivers in order to assist the Company in reducing the amounts outstanding under the PCS, which will in turn reduce the amount of current liabilities of the Company.
- 4.3 The revised Rate of Distribution of 4.00% is a rate commercially acceptable by both the Company and the Bondholder based on commercial negotiation and is within the range of the current interest rate charged on the Company's existing borrowings of 4.00% to 8.58%. Under the prevailing Rate of Distribution, the Distribution amount payable per annum is RMB155,116,000. Under the revised Rate of Distribution of 4.00%, the Distribution payable per annum is RMB38,640,000. Accordingly, the interest cost savings achieved per annum as a result of the Rate of Distribution being revised is RMB116,476,000.

LETTER TO SHAREHOLDERS

- 4.4 The Conversion Price will be revised accordingly to ensure that the minority Shareholders will not be disadvantaged considering the potential dilution effect of the Conversion Price Amendment. Accordingly, the revised Conversion Price was determined after taking into consideration that there will be minimal impact on the Group's NTA per Share after full conversion of the PCS under existing PCS Conditions and the Amended PCS Conditions respectively.
- 4.5 The Board believes that the Proposed Amendments and Waivers are likely to improve the cash flow of the Group in the future, which will in turn, allow the Company to have more working capital for future development.

5. PROPOSED ISSUANCE OF ADDITIONAL CONVERSION SHARES

- 5.1 At the time of the PCS Subscription, the maximum number of Conversion Shares to be allotted and issued by the Company pursuant to the full conversion of the principal amount of the PCS is 581,761,006 Conversion Shares (based on the initial Conversion Price and without any adjustment). The 581,761,006 Conversion Shares to be allotted and issued pursuant to the full conversion of the PCS represent approximately 22.75% of the entire issued share capital of the Company comprising 2,557,040,024 Shares as at the Latest Practicable Date, and will represent 18.53% of the entire issued share capital of the Company comprising 3,138,801,030 Shares upon the full conversion of the PCS (based on the initial Conversion Price and assuming no adjustments thereto).
- 5.2 The shareholding interest of CEL in the Company as at the Latest Practicable Date and upon the issuance of 581,761,006 Conversion Shares at the initial Conversion Price is as follows:

	No. of Shares	%	No. of Shares	%

Notes:

- (1) As at the Latest Practicable Date, CEL is deemed to hold 1,842,011,837 Shares, which represent approximately 72.04% of the total number of Shares in issue.
- (2) The 581,761,006 Conversion Shares constitute approximately 18.53% of the enlarged share capital of the Company assuming full conversion of the PCS. The Proposed Transactions will result in an increase in CEL's indirect shareholding interests to approximately 77.22% of the enlarged share capital under the initial Conversion Price.
- 5.3 As a result of the Conversion Price Amendment, the maximum number of Conversion Shares that could be allotted and issued to the Bondholder calculated based on the principal amount of the PCS and assuming full conversion of the PCS is 1,480,000,000 Conversion Shares. Accordingly, upon the full conversion of the PCS (at the revised Conversion Price) CEL will indirectly hold approximately 82.29% of the enlarged total issued share capital of the Company comprising 4,037,040,024 Shares. In this regard, CEL's shareholding in the enlarged share capital of the Company upon full conversion of the PCS (at the revised Conversion Price) will be 5.07% higher than if CEL were to fully convert the PCS at the initial Conversion Price.

LETTER TO SHAREHOLDERS

- 5.4 The shareholding interest of CEL in the Company as at the Latest Practicable Date and upon the issuance of 1,480,000,000 Conversion Shares at the revised Conversion Price is as follows:

Shareholders	As at the Latest Practicable Date		After the issuance of the Conversion Shares at the revised Conversion Price	
	No. of Shares	%	No. of Shares	%
CEL	1,842,011,837 ⁽¹⁾	72.04 ⁽¹⁾	3,322,011,837 ⁽²⁾	82.29 ⁽²⁾
Others	715,028,187	27.96	715,028,187	17.71
Total	2,557,040,024	100.00	4,037,040,024	100.00

Notes:

- (1) As at the Latest Practicable Date, CEL is deemed to hold 1,842,011,837 Shares, which represent approximately 72.04% of the total number of Shares in issue.
- (2) The 1,480,000,000 Conversion Shares constitute approximately 36.66% of the enlarged share capital of the Company assuming full conversion of the PCS. The Proposed Transactions will result in an increase in CEL's indirect shareholding interests to approximately 82.29% of the enlarged share capital under the revised Conversion Price.
- 5.5 Accordingly, the number of additional Conversion Shares ("**Additional Conversion Shares**") that could be allotted to the Bondholder as a result of the Conversion Price Amendment calculated based on the principal amount of the PCS and assuming full conversion of the PCS is 898,238,994 Conversion Shares which represent approximately 35.13% of the total number of issued Shares of the Company as at the Latest Practicable Date.
- 5.6 Pursuant to Rule 805(1) (except as provided in Rule 806) of the Listing Manual, the Company must obtain the prior approval of Shareholders in a general meeting for, among others, the issue of Shares. In order not to utilise the permissible threshold of number of Shares that may be issued other than on a pro-rata basis to Shareholders under the general share issuance mandate obtained from the Shareholders at the Company's annual general meeting held on 27 April 2022 and to provide flexibility for the Company to undertake further fundraising activities, the Directors wish to convene an EGM to seek the approval of Shareholders for the Proposed Issuance of Additional Conversion Shares.
- 5.7 Further, pursuant to Rule 812 of the Listing Manual, unless specific shareholders' approval has been obtained, an issue of securities must not be placed to substantial shareholders, related companies, associated companies and sister companies of the issuer's substantial shareholders.
- 5.8 The Bondholder is a related company of CEL, a Substantial Shareholder of the Company. Therefore, in accordance with Rule 812(2) of the Listing Manual, specific approval from Shareholders is required for the Proposed Issuance of Additional Conversion Shares. Pursuant to Rule 812(2) of the Listing Manual, the Bondholder and its associates will abstain from voting on the Resolutions relating to the Proposed Issuance of Additional Conversion Shares.
- 5.9 Accordingly, the Company will be seeking, by way of Ordinary Resolution, specific Shareholders' approval from the independent Shareholders for the Proposed Issuance of Additional Conversion Shares in respect of the allotment and issuance of such number of Additional Conversion Shares to the Bondholder upon the conversion of the PCS.
- 5.10 The Company will be submitting an additional listing application to the SGX-ST as soon as reasonably practicable after the EGM for the listing and quotation of the Additional Conversion Shares on the SGX-ST in the event of conversion of the PCS, and will make an announcement when the listing and quotation notice is obtained from the SGX-ST.

LETTER TO SHAREHOLDERS

6. CONVERSION PRICE AMENDMENT

- 6.1 Rule 829(3) of the Listing Manual and condition 9(e)(ii) of the PCS Conditions provide that any material amendment to the PCS Conditions which is to the advantage of the Bondholder must be approved by Shareholders in an extraordinary meeting, except where the alterations are made pursuant to the PCS Conditions.
- 6.2 In this regard, while the Additional Amounts Amendments and the Distribution Rate Amendment are likely to be considered material amendments to the PCS Conditions, they will result in less Distributions and payments payable to the Bondholder and are not to the advantage of the Bondholder. Consequently, Shareholders' approval is not required for the Additional Amounts Amendments and the Distribution Rate Amendment.
- 6.3 As mentioned in Section 5.3 above, the Conversion Price Amendment will increase the number of Conversion Shares from the original 581,761,006 Conversion Shares to 1,480,000,000 Conversion Shares (based on the revised Conversion Price of S\$0.125 per share), resulting in an additional 898,238,994⁶ Conversion Shares to be issued to the Bondholder in the event it elects the Conversion Option. Accordingly, the Conversion Price Amendment is a material amendment to the advantage of the Bondholder.
- 6.4 Under the Proposed Amendments, there will be no change to the conversion period set out in Section 2.6 of this Circular and accordingly, the Bondholder can exercise its right to convert the PCS into Conversion Shares at any time in the future as there is no maturity date prescribed under the PCS Conditions.
- 6.5 Pursuant to the in-principle approval received from the SGX-ST dated 7 August 2014 for the PCS Subscription, the Company had undertaken to the SGX-ST that the terms of the PCS should not permit revision of the conversion price/ratio in any form, other than in compliance with Rule 829(1) of the Listing Manual. Accordingly, as the Conversion Price Amendment does not fall under any of the permitted adjustment events set out in Rule 829(1) of the Listing Manual where Shareholders' approval is not required, the Company is seeking, by way of Ordinary Resolution, Shareholders' approval for the Conversion Price Amendment under Rule 829(3) of the Listing Manual and condition 9(e)(ii) of the PCS Conditions.

The amount at risk to the Company in respect of the Waivers is nil as the Waivers will result in a reduction of the amount that would have otherwise been payable by the Company to the Bondholder on the Effective Date.

The amount at risk to the Company in respect of the Conversion Price Amendment, which is the same as the value of the Proposed Issuance of Additional Conversion Shares, is the market value of the Additional Conversion Shares as at the Latest Practicable Date of RMB198,888,000⁷.

Pursuant to Rule 919 of the Listing Manual, an interested person and any associate of the interested person must abstain from voting on the resolution approving the interested person transactions and shall not accept appointments as proxies unless specific instructions as to voting are given. 9. IFA AND AUDIT COMMITTEE STATEMENT

9.1 Independent Financial Adviser

The Company has appointed the IFA, Hong Leong Finance Limited, as an independent financial adviser to advise Directors who are independent for the purposes of the Proposed Interested Person Transactions, being Mr Chia Seng Hee, Jack, Mr Tan Sek Khee, Mr Chen Guodong and Mdm Ma Jieyu (the “**Independent Directors**”) and the Audit Committee on the Proposed Interested Person Transactions.

Having regard to the considerations set out in the IFA Letter as set out in the Appendix to this Circular and the information available to the IFA as at the Latest Practicable Date, the IFA is of the opinion that the Proposed Amendments and Waivers and the Proposed Issuance of Additional Conversion Shares are on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders, after assessing the following key considerations:

(a) **the rationale for the Proposed Amendments and Waivers**

The Proposed Amendments and Waivers will reduce the debt burden of the Group without adversely affecting its operating cash flow, and strengthen the Group’s financial position and capital base, thus enhancing its flexibility to raise debt and to capitalise on potential growth opportunities.

The improved balance sheet position of the Group will provide it with a better position to negotiate for more favourable financing terms from financial institutions in respect of any funding requirements which may arise going forward.

The revised Rate of Distribution of 4.0% is a rate commercially acceptable by both the Company and the Bondholder based on commercial negotiation and is within the range of the current interest rate charged on the Company’s existing borrowings of 4.00% to 8.58%.

The Conversion Price was revised from S\$0.318 to S\$0.125 to ensure that the minority Shareholders will not be disadvantaged considering the potential dilution effect of the Conversion Price Amendment. Accordingly, the revised Conversion Price was determined after taking into consideration that there will be minimal impact on the Group’s NTA per Share after full conversion of the PCS under existing PCS Conditions and the Amended PCS Conditions respectively.

LETTER TO SHAREHOLDERS

(b) **the historical financial performance and condition of the Group**

The Group continued to face multiple headwinds including the persistent property sector weakness hit by defaults on debt obligations and China's COVID-19 policy which have put pressure on the country's property and retail sectors.

Following the Proposed Amendments and Waivers, the Company will improve to a net current assets position from a net current liabilities position based on certain assumptions as set out in Section 8 of this Circular and Section 5.4 of the IFA Letter.

(c) **the reasonableness of the terms of the Proposed Transactions**

The Conversion Price represents a significant premium of 221.3%, 263.9% and 366.5% above the VWAP of the Shares for the 6-month, 3-month and 1-month periods prior to 7 November 2022, being the Announcement Date (as defined in the IFA Letter), respectively.

The significant premium of the Conversion Price over the VWAP of the Shares for trades done on the Announcement Date of 400.0% is above the range of the corresponding premium/(discounts) of the Precedent Convertible Debt Transactions (as defined in the IFA Letter) of between a discount of 53.8% and a premium of 32.0%.

The Conversion Price-to-NTA ratio as implied by the Conversion Price and the unaudited consolidated NTA per Share of the Group as at 30 June 2022 of 0.8 times is within the range of the corresponding conversion price-to-NTA ratios of the Precedent Convertible Debt Transactions of between 0.5 times and 11.1 times.

The interest rate of 4.0% per annum for the PCS is within the range of the corresponding interest rates of the Precedent Convertible Debt Transactions of between 0% (i.e. interest-free) and 10.0%, and above the mean and median interest rates of the Precedent Convertible Debt Transactions of 3.8% and 2.0% respectively.

(d) **the financial effects of the Proposed Transactions on the Group**

The Group's NTA per share will improve from RMB0.73 to RMB0.95, and improve from a net current liabilities position of RMB431.9 million to a net current assets position of RMB135.6 million, assuming before conversion under existing terms and amended terms respectively.

The Group's NTA per share will improve slightly from RMB0.59 to RMB0.60, and improve from a net current liabilities position of RMB431.9 million to a net current assets position of RMB135.6 million assuming after conversion under existing terms and amended terms respectively.

(e) **other relevant considerations**

The issuance of the Conversion Shares pursuant to the Proposed Transactions will increase the shareholding interest of CEL and as a result dilute other existing Shareholders' interests in the Company. In view of the above, CEL will still remain the single largest shareholding block of the Company.

Shareholders are advised to read and consider the IFA Letter in its entirety as reproduced in the Appendix to this Circular and consider carefully the recommendations of the Independent Directors for the Resolutions in relation to the Proposed Transactions set out in Section 11 of this Circular.

To: The Independent Directors and the Audit Committee

Dear Sirs/Madam,

- 1) **THE PROPOSED AMENDMENT OF CONVERSION PRICE FROM S\$0.318 PER SHARE TO S\$0.125 PER SHARE IN THE TERMS AND CONDITIONS OF THE PERPETUAL SUBORDINATED CONVERTIBLE CALLABLE SECURITIES ISSUED IN 2014 (“PERPETUAL SECURITIES”);**
- 2) **THE PROPOSED ISSUANCE AND ALLOTMENT OF 898,238,994 ADDITIONAL CONVERSION SHARES COMPRISING 35.13% OF THE EXISTING ISSUED SHARE CAPITAL OF THE COMPANY TO EVERBRIGHT HERO MAURITIUS LIMITED UPON THE CONVERSION OF THE PERPETUAL SECURITIES (THE “PROPOSED ISSUANCE OF ADDITIONAL CONVERSION SHARES”);**
- 3) **THE PROPOSED AMENDMENTS AND WAIVERS IN RELATION TO THE PERPETUAL SECURITIES AS AN INTERESTED PERSON TRANSACTION; AND**
- 4) **THE PROPOSED ISSUANCE OF ADDITIONAL CONVERSION SHARES AS AN INTERESTED PERSON TRANSACTION**

Except where the context otherwise requires or where otherwise stated, capitalised terms used in the circular dated 14 December 2022 (“Circular”) to the shareholders of Ying Li International Real Estate Limited shall have the same meaning herein.

1. INTRODUCTION

On 7 November 2022 (“**Announcement Date**”), Ying Li International Real Estate Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) announced that it had on that date entered into an amendment and supplemental deed (the “**Amendment Deed**”) with Everbright Hero Mauritius Limited (the “**Bondholder**”), a direct subsidiary of Everbright Hero Holdings Limited (“**EHHL**”), pursuant to which, the Company and the Bondholder have agreed to, among others:

- (i) amend certain terms of the S\$165 million perpetual subordinated convertible callable securities issued to the Bondholder in 2014 (the “**Tranche 1 PCS Conditions**”) and certain terms of the S\$20 million perpetual convertible callable securities issued to the Bondholder in 2014 (the “**Tranche 2 PCS Conditions**”, together with the Tranche 1 PCS Conditions, the “**PCS Conditions**”) on the terms and subject to the conditions of the Amendment Deed; and
- (ii) waive outstanding amounts of RMB759,238,000 owed by the Company to the Bondholder under the PCS (as defined below).

EHHL is an indirect subsidiary of China Everbright Limited (“**CEL**”), a company listed on the Stock Exchange of Hong Kong. In turn, CEL is the controlling shareholder of the Company.

APPENDIX – IFA LETTER

1.1 Background

In 2014, the Company issued two tranches of perpetual subordinated convertible callable securities with an aggregate principal amount of S\$185 million comprising a tranche of S\$165 million perpetual subordinated convertible callable securities and a tranche of S\$20 million perpetual subordinated convertible callable securities (collectively, the “**PCS**”) to the Bondholder, as a nominee of EHHL, pursuant to a perpetual convertible securities subscription agreement entered into between the Company and EHHL (the “**PCS Subscription**”).

Pursuant to the relevant principal terms of the PCS Conditions:

- (i) the PCS confer on the Bondholder the right to receive distributions at such rate calculated in accordance with the PCS Conditions on pre-determined dates. The current distribution rate of the PCS determined in accordance with condition 3(b) of the PCS Conditions (“**Rate of Distribution**”) is 16.06%.
- (ii) the Company has the right to defer the payment of distributions to the Bondholder to the next scheduled Distribution Payment Date by giving prior written notice. If the Company were to elect to further defer any scheduled Distribution payable under the terms of the PCS that has been deferred to the next scheduled payment date (“**Arrears of Distribution**”), the amount of Arrears of Distribution shall bear interest as if it constituted the principal of the PCS at the prevailing Rate of Distribution (such amount of additional interest accrued, the “**Additional Distribution Amount**”). In addition, in the event that the Company further defers any distribution, all outstanding principal of the PCS, Arrears of Distribution and Additional Distribution Amount shall, from and including the date of deferral of distribution, incur additional interest of 0.015% per day (such additional interest amount accrued, the “**Additional Interest Amount**”, together with the Additional Distribution Amount, the “**Additional Amounts**”).

In the event that the Company does not provide the Bondholder with prior written notice of its election to defer any payment of scheduled Distribution to the next scheduled Distribution Payment Date, such unpaid amount of scheduled Distribution will bear additional default interest from the date of default at the rate of 15.00% per annum (“**Default Interest**”).

Settlement of outstanding amounts due under the PCS may be satisfied by either one of the two mechanisms:

- (i) the PCS (including the principal amount, the amount of arrears of distribution, and any Additional Amounts) may be converted into new ordinary shares in the capital of the Company (“**Conversion Shares**”) at the option of the Bondholder (the “**Conversion Option**”). Following such conversion in accordance with the PCS Conditions, the right of the Bondholder to the repayment of the PCS will be extinguished. Under the PCS Conditions, the PCS shall be converted into Conversion Shares at the initial conversion price of S\$0.318 per share (the “**Conversion Price**”); or
- (ii) the Company has the right to redeem all or some of the PCS (including the principal amount, the amount of Arrears of Distribution and any Additional Amounts) at its option by settling in cash to the Bondholder.

Under the Conversion Option, the Bondholder may exercise its conversion right in the following situations:

- (i) at any time on or after 17 October 2017 to and excluding 17 October 2020;
- (ii) if an offer is made to shareholders of the Company for all the outstanding Shares of the Company, at any time on or after the offer is formally announced in compliance with applicable rules and regulations; and

APPENDIX – IFA LETTER

- (iii) if an Event of Default (as set out in Section 2.5 of the Circular) or Change of Control event occurs, at any time on or after the date of occurrence of the Event of Default or the Change of Control event, as the case may be.

Prior to April 2019, Newest Luck Holdings Limited had a 30% direct interest in the Company and was a controlling shareholder of the Company. In April 2019, State Alpha Limited, the then indirect wholly-owned subsidiary of CEL, acquired all the Shares held by Newest Luck Holdings Limited in the Company, thus resulting in an occurrence of a Change of Control event.

The foregoing acquisition of the Shares by State Alpha Limited then triggered an obligation under the Singapore Code on Take-overs and Mergers for State Alpha Limited to make a mandatory unconditional cash offer for all the issued and paid-up ordinary shares in the Company (other than those already owned, controlled or agreed to be acquired by State Alpha Limited and parties acting in concert with it).

Given that both a Change of Control event occurred and an offer was made to the Shareholders of the Company for all the Shares of the Company prior to 17 October 2020, the Bondholder's conversion right remains valid under the Conversion Option.

1.2 The Proposed Amendments and Waivers

Pursuant to the Amendment Deed, with effect from the Effective Date, the following key amendments are proposed to be made to the PCS Conditions:

- (i) the current Rate of Distribution of 16.06% shall be reduced to 4.00% in respect of the period from, and including, 3 April 2019, the date on which the Company became a subsidiary of CEL (the "**Distribution Rate Amendment**");
- (ii) in order to counter the effect of the Distribution Rate Amendment on the net tangible assets ("**NTA**") per share of the Company, the Conversion Price shall be adjusted accordingly from S\$0.318 per share to S\$0.125 per share (the "**Conversion Price Amendment**"). The revised Conversion Price of S\$0.125 is at a premium to the last traded price on the Announcement Date, 1-month, 3-month, 6-month and 12-month volume-weighted average price ("**VWAP**") respectively; and
- (iii) no Additional Amounts shall be incurred in connection with the cumulative deferral of Distributions by the Company such that no Additional Amounts will become due and payable to the Bondholder from the Effective Date ("**Additional Amounts Amendments**"),

(the "**Proposed Amendments**").

The Bondholder has also agreed to waive, among others:

- (i) RMB401,717,000, being the difference between the amount of Arrears of Distribution accrued from 3 April 2019 up to the Effective Date (a) calculated on the basis of the original Rate of Distribution under the PCS Conditions, which amounts to RMB627,285,000 and (b) calculated on the basis of the revised Rate of Distribution of 4.00%, which amounts to RMB225,568,000;
- (ii) RMB161,009,000, being all Additional Distribution Amount payable by the Company to the Bondholder for the period commencing from 3 April 2019 up to the Effective Date as if it constituted the principal of the PCS by applying the prevailing Rate of Distribution to the relevant Arrears of Distribution;
- (iii) RMB196,512,000, being all Additional Interest Amount payable by the Company to the Bondholder for the period commencing 3 April 2019 up to the Effective Date computed at 0.015% per day;
- (iv) all Default Interest payable at the rate of 15.00% per annum by the Company from 3 April 2019 up to the Effective Date. As no Default Interest has been recognised on the Group's financial statements, this amount is nil; and

APPENDIX – IFA LETTER

- (v) any breach or potential breach of the PCS Conditions arising up to and including the Effective Date (including, without limitation, any events of default or potential event of default howsoever arising under condition 11 of the PCS Conditions as set out in Section 2.5 of the Circular) provided that no such waiver shall extend to, or be taken in any manner whatsoever to affect, any subsequent event of default or the right to remedies resulting therefrom,

(the “**Waivers**”, and together with the Proposed Amendments, the “**Proposed Amendments and Waivers**”).

1.3 The Proposed Issuance of Additional Conversion Shares

At the time of the PCS Subscription, the maximum number of Conversion Shares to be allotted and issued by the Company pursuant to the full conversion of the principal amount of the PCS is 581,761,006 Conversion Shares (based on the initial Conversion Price and without any adjustment). The 581,761,006 Conversion Shares to be allotted and issued pursuant to the full conversion of the PCS represent approximately 22.75% of the entire issued share capital of the Company comprising 2,557,040,024 Shares as at the Latest Practicable Date, and will represent 18.53% of the enlarged issued share capital of the Company comprising 3,138,801,030 Shares upon the full conversion of the PCS (based on the initial Conversion Price and assuming no adjustments thereto). As at the Latest Practicable Date, CEL is deemed to hold 1,842,011,837 Shares, which represents approximately 72.04% of the total number of Shares in issue and assuming full conversion of the PCS (based on the initial Conversion Price), this will result in CEL indirectly holding approximately 77.22% of the enlarged share capital.

As a result of the Conversion Price Amendment, the maximum number of Conversion Shares that could be allotted and issued to the Bondholder calculated based on the principal amount of the PCS and assuming full conversion of the PCS is 1,480,000,000 Conversion Shares. Accordingly, upon the full conversion of the PCS (based on the revised Conversion Price), CEL will indirectly hold approximately 82.29% of the enlarged issued share capital of the Company comprising 4,037,040,024 ordinary shares (the “**Enlarged Share Capital**”). In this regard, CEL’s shareholding in the Enlarged Share Capital upon full conversion of the PCS (based on the revised Conversion Price) will be 5.07% higher than if CEL were to fully convert the PCS at the initial Conversion Price.

Accordingly, the number of additional Conversion Shares (the “**Additional Conversion Shares**”) that could be allotted to the Bondholder as a result of the Conversion Price Amendment calculated based on the principal amount of the PCS and assuming full conversion of the PCS is 898,238,994 Conversion Shares which represent approximately 35.13% of the total number of issued Shares of the Company as at the Latest Practicable Date (the “**Proposed Issuance of Additional Conversion Shares**”, and together with the Proposed Amendments and Waivers, the “**Proposed Transactions**”).

1.4 Shareholders’ approval

The Proposed Transactions will require independent Shareholders’ approval at the extraordinary general meeting (“EGM”) pursuant to the following rules in the Listing Manual of the SGX-ST:

- (i) Rule 805(1) – Issuance of Shares other than under the general mandate approved at the Company’s last annual general meeting (“**AGM**”);
- (ii) Rule 812(2) – Issuance of Shares to the Bondholder, a related company of CEL, who is a substantial shareholder of the Company;
- (iii) Rule 829(3) – Material amendments to the PCS; and
- (iv) Rule 906(1) – As at the Latest Practicable Date, CEL is deemed to have an interest in 1,842,011,837 ordinary shares in the capital of the Company, representing 72.04% of the total issued share capital of the Company. As the Bondholder is an indirect subsidiary of CEL, who is a controlling shareholder of the Company, the Bondholder is considered to be an associate of CEL and accordingly, the Bondholder is also considered to be an interested person of the Company for the purposes of Chapter 9 of the Listing Manual.

APPENDIX – IFA LETTER

Besides seeking Shareholders' approval for the Proposed Transactions as an interested person transaction (“**IPT**”), Rule 921(4)(a) also requires an opinion from an independent financial adviser (“**IFA**”) to opine on whether the Proposed Transactions are on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

In connection with the above, Hong Leong Finance Limited (“**HLF**”) has been appointed as the IFA pursuant to Rule 921(4)(a) of the Listing Manual as well as to advise the Independent Directors and the Audit Committee in respect of the Proposed Transactions as an IPT.

This letter (“**IFA Letter**”) is therefore issued pursuant to Rule 921(4)(a) of the Listing Manual as well as addressed to the Independent Directors and the Audit Committee and set out, *inter alia*, our evaluation and opinion on the Proposed Transactions as an IPT. The Directors have jointly and severally accepted full responsibility for the accuracy, truth, completeness and adequacy of the information provided to us. Accordingly, we cannot and do not represent or warrant (expressly or impliedly), and do not accept any responsibility for the accuracy, truth, completeness or adequacy of such information. The scope of our appointment does not require us to conduct a comprehensive independent review of the business, operations or financial condition of the Company and/or the Group, or to express, and we do not express, a view on the future growth prospects, value and earnings potential of the Company and/or the Group. Any such evaluation or review remains the responsibility of the Directors and the Management, but we may draw upon their views or make such comments in respect thereof (to the extent required by the Listing Manual and/or deemed necessary or appropriate by us) in arriving at our opinion as set out in this IFA Letter. APPENDIX – IFA LETTER

The Company has been separately advised by its advisers in the preparation of the Circular (other than this IFA Letter). We have had no role or involvement and have not provided any advice, financial or otherwise, whatsoever in the preparation, review and verification of the Circular (other than this IFA Letter). Accordingly, we take no responsibility for, and express no views, express or implied, on the contents of the Circular (except for this IFA Letter).

We have not regarded the general or specific investment objectives, financial situation, tax position, risk profile or unique needs and constraints of any individual Shareholder. As different Shareholders would have different investment portfolios and objectives, we would advise the Independent Directors to recommend that any individual Shareholder who may require specific advice in relation to his or her investment portfolio should consult his or her stockbroker, bank manager, solicitor, accountant, tax advisor or other professional advisers immediately.

The recommendation made to the independent Shareholders in respect of the Proposed Transactions remain the responsibility of the Independent Directors and the Audit Committee.

Our opinion in relation to the Proposed Transactions as an IPT should be considered in the context of the entirety of this IFA Letter and the Circular.

3. THE PROPOSED AMENDMENTS AND WAIVERS

3.1 Background of the Bondholder

The Bondholder is a company incorporated in Mauritius and is an indirect subsidiary of EHHL. In turn, EHHL is an indirect subsidiary of CEL, a company listed on the Stock Exchange of Hong Kong. As at the Latest Practicable Date, CEL is deemed interested in a total of 1,842,011,837 Shares, representing approximately 72.04% of the issued share capital of the Company, and is a controlling shareholder of the Company.

3.2 Key Proposed Amendments and Waivers

Details of the Proposed Amendments and Waivers are set out in Section 3 of the Circular. The salient terms of the key amendments are set out below:

Rate of Distribution Amendment	The current Rate of Distribution of 16.06% shall be reduced to 4.00% in respect of the period from, and including, 3 April 2019.
Additional Amounts Amendments	No Additional Amounts shall be incurred in connection with the cumulative deferral of distributions by the Company such that no Additional Amounts will become due and payable to the Bondholder from the Effective Date.
Conversion Price Amendment	In order to counter the effect of the Distribution Rate Amendment on the NTA per Share of the Company, the Conversion Price shall be adjusted accordingly from S\$0.318 per share to S\$0.125 per share. The revised Conversion Price represents a premium of approximately 400.0% to the weighted average price of S\$0.025 for trades done on the SGX-ST on 7 November 2022, being the last full market day on which the Amendment Deed is signed. In accordance with the requirements of Rule 829 of the Listing Manual, the revised Conversion Price shall be subject to adjustments in the event of, but not limited to, rights issue, bonus issue, capital distributions or the occurrence of certain other dilutive events in relation to the issued share capital of the Company.
Additional Conversion Shares	The number of Additional Conversion Shares that could be allotted to the Bondholder as a result of the Conversion Price Amendment is 898,238,994 which represent approximately 35.13% of the total number of issued Shares of the Company as at the Latest Practicable Date.

APPENDIX – IFA LETTER

The Bondholder has also agreed to the following Waivers:

- (i) RMB401,717,000, being the difference between the amount of Arrears of Distribution accrued from 3 April 2019 up to the Effective Date (a) calculated on the basis of the original Rate of Distribution under the PCS Conditions, which amounts to RMB627,285,000 and (b) calculated on the basis of the revised Rate of Distribution of 4.00%, which amounts to RMB225,568,000;
- (ii) RMB161,009,000, being all Additional Distribution Amount payable by the Company to the Bondholder for the period commencing from 3 April 2019 up to the Effective Date as if it constituted the principal of the PCS by applying the prevailing Rate of Distribution to the relevant Arrears of Distribution;
- (iii) RMB196,512,000, being all Additional Interest Amount payable by the Company to the Bondholder for the period commencing 3 April 2019 up to the Effective Date computed at 0.015% per day;
- (iv) all Default Interest payable at the rate of 15.00% per annum by the Company from 3 April 2019 up to the Effective Date. As no Default Interest has been recognised on the Group's financial statements, this amount is nil; and
- (v) any breach or potential breach of the PCS Conditions arising up to and including the Effective Date (including, without limitation, any events of default or potential event of default howsoever arising under condition 11 of the PCS Conditions as set out in Section 2.5 of the Circular) provided that no such waiver shall extend to, or be taken in any manner whatsoever to affect, any subsequent event of default or the right to remedies resulting therefrom.

3.3 Conditions precedent

The Proposed Transactions are subject to and conditional upon the fulfilment and satisfaction of various conditions precedent under the Amendment Deed, including the specific approval of the independent Shareholders for the passing of the resolutions in respect of the Proposed Transactions.

4. THE PROPOSED TRANSACTIONS AS AN IPT

Rule 906 of the Listing Manual provides that an issuer must obtain shareholder approval for any IPT of a value equal to, or more than 5% of the Group's latest audited NTA.

As at the Latest Practicable Date, CEL is deemed to have an interest in 1,842,011,837 ordinary shares in the capital of the Company, representing 72.04% of the total issued share capital of the Company. As the Bondholder is an indirect subsidiary of CEL, who is a controlling shareholder of the Company, the Bondholder is considered to be an associate of CEL and accordingly, the Bondholder is also considered to be an interested person of the Company for the purposes of Chapter 9 of the Listing Manual.

Accordingly, the Proposed Transactions each constitute an interested person transaction under Chapter 9 of the Listing Manual.

Based on the Group's latest audited consolidated accounts for the financial year ended 31 December 2021, the Group's latest audited consolidated NTA amounted to approximately RMB2,094 million. As the value of the Additional Conversion Shares to be issued assuming full conversion of the PCS amounted to approximately RMB198,888,000⁽¹⁾, representing 9.5% of the Group's latest audited consolidated NTA as at 31 December 2021, which is more than 5% of the Group's latest audited consolidated NTA as at 31 December 2021, Shareholders' approval is therefore required for the Proposed Transactions pursuant to Rule 906(1) of the Listing Manual.

APPENDIX – IFA LETTER

In addition to the Proposed Transactions, the Group has entered into interested person transactions amounting to approximately RMB304.1 million with the same interested person for the current financial year commencing on 1 January 2022 up to the Latest Practicable Date (excluding transactions which are less than S\$100,000):

Name of Interested Person	Nature of the Transaction	Value of the Transaction RMB'000
EBA (Shanghai) Commercial Management Co., Ltd	Management and consultancy fees charged	5,689
China Everbright Finance Limited	Loan interest charged	7,145
Everbright Hero Mauritius Limited	Outstanding amounts payable under the PCS	291,268 ⁽²⁾
Total		304,102

Assuming the Proposed Transactions are approved by the Shareholders, the aggregate value of all IPTs entered into by the Group for the current financial year commencing on 1 January 2022 up to the Latest Practicable Date (excluding transactions which are less than S\$100,000) is approximately RMB247.7 million, representing approximately 11.8% of the NTA of the Group:

Nature of the Transaction	Value of the Transaction RMB'000
Management and consultancy fees charged	5,689
Loan interest charged	7,145
Value of the Proposed Issuance of Additional Conversion Shares	198,888
The amount of Distribution calculated using the revised Rate of Distribution of 4.00% ⁽²⁾	35,994
Total	247,716
Total as a percentage of NTA of the Group	11.8%

Notes:

- (1) Computed based on the last closing price of S\$0.043 as at the Latest Practicable Date using exchange rate of S\$1.00 : RMB5.1493
- (2) If the Proposed Amendments and Waivers are approved by Shareholders at the EGM, this amount will become RMB35,994,000, which is the amount of Distribution payable to the Bondholder for the period from 1 January 2022 to the Latest Practicable Date calculated based on the revised Rate of Distribution of 4.00%.

5. EVALUATION OF THE PROPOSED TRANSACTIONS AS AN IPT

In our evaluation of the Proposed Transactions as an IPT, we have given due consideration to, *inter alia*, the following key factors:

- (i) the rationale for the Proposed Amendments and Waivers;
- (ii) the historical financial performance and condition of the Group;
- (iii) the reasonableness of the terms of the Proposed Transactions;
- (iv) the financial effects of the Proposed Transactions on the Group; and
- (v) other relevant considerations.

APPENDIX – IFA LETTER

5.1 Rationale for the Proposed Transactions

It is not within our terms of reference to comment or express an opinion on the merits of the Proposed Transactions or the future prospects of the Group after the Proposed Transactions. Nevertheless, we have reviewed the Company's rationale for the Proposed Amendments and Waivers as set out in Section 4 of the Circular and the financial effects of the Proposed Amendments and Waivers as set out in Section 8 of the Circular and Section 5.4 of this IFA Letter.

We note the following salient points:

- (i) The Proposed Amendments and Waivers will reduce the debt burden of the Group without adversely affecting its operating cash flow, and strengthen the Group's financial position and capital base, thus enhancing its flexibility to raise debt and to capitalise on potential growth opportunities;
- (ii) The improved balance sheet position of the Group will provide it with a better position to negotiate for more favourable financing terms from financial institutions in respect of any funding requirements which may arise going forward. As an illustration, based on the financial position of the Group as at 30 June 2022, the Proposed Amendments and Waivers will improve the NTA per Share from RMB0.73 to RMB0.95⁽¹⁾;
- (iii) The revised Rate of Distribution of 4.0% is a rate commercially acceptable by both the Company and the Bondholder based on commercial negotiation and is within the range of the current interest rate charged on the Company's existing borrowings of 4.00% to 8.58%. Under the prevailing Rate of Distribution, the Distribution amount payable per annum is approximately RMB155.1 million. Under the revised Rate of Distribution of 4.00%, the Distribution payable per annum is approximately RMB38.6 million. Accordingly, the interest cost savings achieved per annum as a result of the revised Rate of Distribution is approximately RMB116.5 million; and
- (iv) The Conversion Price was revised from S\$0.318 to S\$0.125 to ensure that the minority Shareholders will not be disadvantaged considering the potential dilution effect of the Conversion Price Amendment. Accordingly, the revised Conversion Price was determined after taking into consideration that there will be minimal impact on the Group's NTA per Share after full conversion of the PCS under existing PCS Conditions and the Amended PCS Conditions respectively.

Note:

- (1) Computed based on 2,557,040,024 number of issued shares and NTA of approximately RMB1,855 million before Proposed Amendments and Waivers, before conversion under the PCS condition, and NTA of approximately RMB2,423 million after Proposed Amendments and Waivers, before conversion under the PCS condition.

Source: Company's annual reports for FY2020 and FY2021, and interim results announcement for 1H2022

FY2019 to FY2021

Revenue of the Group declined significantly by 35.6% from RMB358.9 million in FY2019 to RMB231.0 million in FY2020 due mainly to the impact of COVID-19 pandemic which led to a decrease in the sale of properties and rental income. Consequently, the Group recorded a net loss of RMB195.9 million in FY2020.

With the COVID-19 situation under better control in FY2021, revenue of the Group declined slightly by 1.0% from RMB231.0 million in FY2020 to RMB228.8 million in FY2021. The decline was due mainly to a decrease in the sale of properties, partially offset by an increase in rental income. Notwithstanding, the Group's gross profit increased by 14.3% to RMB158.1 million in FY2021 due mainly to higher profit margin. The Group recorded a net loss of RMB263.3 million in FY2021 as compared to a net loss of RMB195.9 million in FY2020 due mainly to additional provision for potential penalties in relation to its development projects and higher fair value loss on financial asset recognised in FY2021.

Overall, the Group continued to face multiple headwinds including the persistent property sector weakness hit by defaults on debt obligations and China's COVID-19 policy which have put pressure on the country's property and retail sectors.

1H2022 vs 1H2021

Revenue of the Group declined by 22.4% year-on-year to RMB87.7 million in 1H2022 due mainly to the lingering fallout from the impact of COVID-19 which led to a decrease in the sale of properties and rental income. Notwithstanding, the Group recorded a lower net loss of RMB83.2 million in 1H2022 as compared to a net loss of RMB97.8 million in 1H2021 due mainly to lower expenses incurred in 1H2022.

APPENDIX – IFA LETTER

Assets

Total assets comprised mainly (i) investment properties of RMB4,099 million (60.7% of total assets) which are mainly in relation to office and commercial properties held for rental income; (ii) development properties of RMB1,037 million (15.3% of total assets) which are mainly in relation to completed properties held for sale and land parcels for development; (iii) financial asset of RMB622 million (9.2% of total assets) which is mainly in relation to unquoted investment in Shanghai Zhaoli Investment Centre (LLP); (iv) cash and cash equivalents of RMB487 million (7.2% of total assets); and (v) trade and other receivables of RMB462 million (6.8% of total assets).

Liabilities

Total liabilities comprised mainly (i) borrowings of RMB2,507 million (51.2% of total liabilities); (ii) trade and other payables of RMB1,327 million (27.1% of total liabilities) which are mainly in relation to the PCS; (iii) income tax related liabilities of RMB651 million (13.2% of total liabilities); and (iv) provisions of RMB416 million (8.5% of total liabilities) which are mainly in relation to provision on litigation cases and penalties.

Following the Proposed Amendments and Waivers, the Company will improve to a net current assets position from a net current liabilities position based on certain assumptions as set out in Section 8 of the Circular and Section 5.4 of this IFA Letter. Key terms of the Proposed Amendments and Waivers are set out in Section 3 of the Circular and Section 3.2 of this IFA Letter.

5.3 Reasonableness of the terms of the Proposed Transactions

Based on the revised terms of the PCS, the S\$185 million principal amount of the PCS can be converted into a maximum number of 1,480,000,000 Conversion Shares, at the Conversion Price of S\$0.125 per Conversion Share.

Accordingly, we have considered the following in assessing the reasonableness of the Conversion Price:

- (i) market quotation of the Shares;
- (ii) comparison with the NTA of the Group; and
- (iii) comparison with precedent issues of convertible debt.

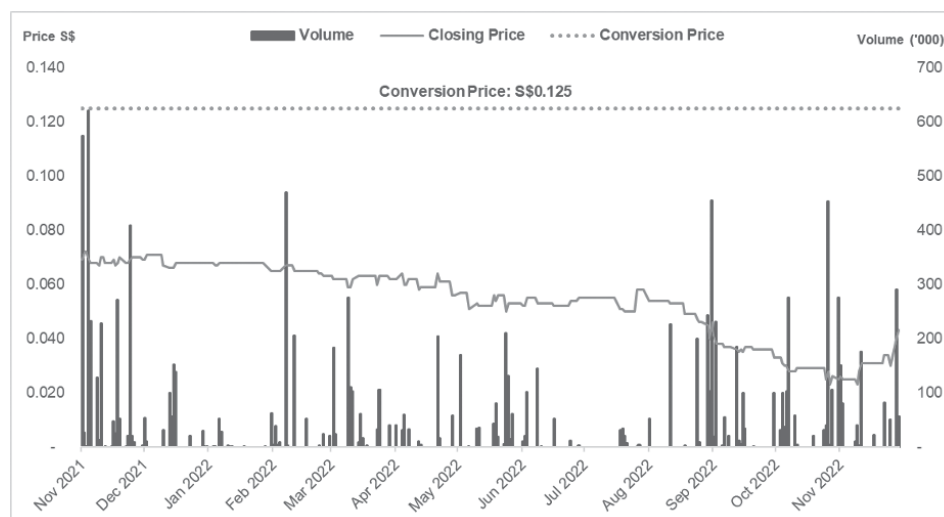

5.3.1 Market quotation of the Shares

The Conversion Price of S\$0.125 for each new Share represents a significant premium of approximately 400.0% above the VWAP of the Shares of S\$0.025 on 7 November 2022, being the trading day on which the Amendment Deed was entered into, and the Announcement Date.

APPENDIX – IFA LETTER

We also note the historical trading performance and trading activity of the Shares for the one-year period from 8 November 2021 to 7 November 2022, and up to the Latest Practicable Date (“**Period Under Review**”), as shown in the chart below:

Price movement and trading volume of the Shares for the Period Under Review

Source: Bloomberg L.P.

Based on the above, we note the following:

- (i) For the one-year period up to the Announcement Date, based on daily transacted prices, the Shares had traded between a low of S\$0.023 and a high of S\$0.072. The VWAP of the Shares during this one-year period was S\$0.053. Hence, the Conversion Price of the Conversion Shares of S\$0.125 represents a significant premium of 443.5% above the lowest traded price, a significant premium of 73.6% to the highest traded price, and a significant premium of 135.3% above the VWAP of the Shares for the one-year period up to the Announcement Date. The Conversion Price also represents a significant premium of 221.3%, 263.9% and 366.5% above the VWAP of the Shares for the 6-month, 3-month and 1-month periods prior to the Announcement Date, respectively.
- (ii) Since the Announcement Date and up to the Latest Practicable Date, the Share price had fluctuated between a low of S\$0.023 and a high of S\$0.044. As at the Latest Practicable Date, the last transacted Share price was S\$0.043. The Conversion Price of the Conversion Shares of S\$0.125 is now at a premium of 190.7% to the current market Share price.
- (iii) For the one-year period up to the Announcement Date, trading liquidity on the Shares was relatively low with an average daily trading volume of 41,625⁽¹⁾ Shares, representing 0.01% of the free float of the Shares⁽²⁾. Nevertheless, the Shares were traded on most days. The Shares had traded on 133 out of 252 trading days when the SGX-ST was opened for trading. After the Announcement Date and up to the Latest Practicable Date, trading liquidity had increased slightly, with an average daily trading volume of 42,933 Shares.

Notes:

- (1) The average daily trading volume of the Shares is computed based on the total volume of Shares traded on the SGX-ST during the one-year period up to the Announcement Date, divided by the number of days when the SGX-ST was open for trading during the period; and
- (2) Free float refers to the Shares other than those directly and deemed held by the Directors and substantial Shareholders. For the purposes of computing the average daily trading volume as a percentage of free float, we have used the free float of approximately 2,557 million Shares based on the free float of 27.96% as disclosed in the annual report of the Company for FY2021.

5.3.2 Comparison with the NTA of the Group

Based on the latest unaudited consolidated financial statements of the Group as at 30 June 2022, the unaudited consolidated NTA of the Group amounted to approximately RMB1,855 million (equivalent to S\$384.9 million based on the exchange rate of S\$1.00 : RMB4.82), or RMB0.73 per Share (S\$0.151 per Share) (based on 2,557,040,024 issued Shares as at 30 June 2022). Accordingly, the Conversion Price of S\$0.125 per Share represents a discount of S\$0.026 or 17.2% over the unaudited consolidated NTA per Share of S\$0.151 as at 30 June 2022.

The Directors have confirmed that to the best of their knowledge and belief, (a) they are not aware of any circumstances which may cause the NTA of the Group, as at the Latest Practicable Date, to be materially different from that recorded in the unaudited balance sheet of the Group as at 30 June 2022; (b) there have been no material acquisitions or disposals of assets by the Group since 30 June 2022 and up to the Latest Practicable Date; and (c) there are no other contingent liabilities which are likely to have a material impact on the unaudited NTA of the Group as at 30 June 2022.

5.3.3 Comparison with precedent issues of convertible debts

In assessing the reasonableness of the terms of the PCS, we have compared the financial terms of the Amendment Deed with those of selected recent unlisted convertible loans or bonds issued by companies (excluding real estate investment trusts and business trusts) listed on the SGX-ST between 1 January 2021 and 31 December 2021 (the “**Precedent Convertible Debt Transactions**”). For the purpose of our comparison, we have excluded convertible loans or bonds which do not have a fixed conversion price. While not directly comparable to the PCS, the Precedent Convertible Debt Transactions provide a reference on certain market rates and terms.

Shareholders should note that the circumstances and terms relating to the Precedent Convertible Debt Transactions are unique and might not be identical to the PCS, and are dependent on factors such as the financial performance and position of the companies, the volatility and trading liquidity of the shares of the companies, and the market sentiments prevailing at the time of the relevant Precedent Convertible Debt Transactions.

Shareholders are advised to read the information carefully, including the bases and assumptions set out therein. Shareholders should note that the financial effects are for illustrative purposes only and do not purport to be an indication or a projection of the results and financial position of the Group after the completion of the Proposed Transactions.

The table below sets out the financial effects of the Proposed Amendments and Waivers:

	Before Proposed Amendments and Waivers, Before conversion under the PCS Conditions	Before Proposed Amendments and Waivers, After conversion under the PCS Conditions	After Proposed Amendment and Waiver, Before conversion under the Amended PCS Conditions	After Proposed Amendment and Waiver, After conversion under the Amended PCS Conditions

Notes:

- (1) Computed based on the historical exchange rate of SGD1 : RMB4.7512.
- (2) Assuming full conversion of the PCS and the issuance of 581,761,006 or 1,480,000,000 Conversion Shares, respectively.

APPENDIX – IFA LETTER

In summary, we note the Proposed Transactions would have the following financial effects on the Group based on its latest unaudited results announcement for 1H2022 and assuming the amount that would have been waived under the Waivers as at 30 June 2022 is RMB567,414,000 comprising (i) RMB317,102,000, being the Arrears of Distribution; (ii) RMB109,388,000, being the Additional Distribution Amount; and (iii) RMB140,924,000, being the Additional Interest Amount.

The Group's NTA per share will improve from RMB0.73 to RMB0.95, and improve from a net current liabilities position of RMB431.9 million to a net current assets position of RMB135.6 million, assuming before conversion under existing terms and amended terms respectively.

The Group's NTA per share will improve slightly from RMB0.59 to RMB0.60, and improve from a net current liabilities position of RMB431.9 million to a net current assets position of RMB135.6 million assuming after conversion under existing terms and amended terms respectively.

5.5 Other relevant considerations

5.5.1 Dilution impact to the independent Shareholders

As at the Latest Practicable Date, CEL is deemed to hold 1,842,011,837 Shares, which represents approximately 72.0% of the total number of Shares in issue.

The Conversion Shares will constitute approximately 36.7% of the Enlarged Share Capital. The Proposed Transactions will result in an increase in CEL's shareholding interests (indirect) to approximately 82.3% of the Enlarged Share Capital.

Accordingly, the shareholding interest of CEL in the Company as at the Latest Practicable Date and the issuance of the Conversion Shares is as follows:

Shareholders	As at the Latest Practicable Date		After the issuance of the Conversion Shares	
	No. of Shares	%	No. of Shares	%
CEL	1,842,011,837	72.0	3,322,011,837	82.3
Others	715,028,187	28.0	715,028,187	17.7
Total	2,557,040,024	100.0	4,037,040,024	100.00

Based on the above, we note that the issuance of the Conversion Shares pursuant to the Proposed Transactions will increase the shareholding interest of CEL and as a result dilute other existing Shareholders' interests in the Company. In view of the above, we note that CEL will still remain the single largest shareholding block of the Company.

5.5.2 Voting abstentions

We note that as set out in Section 12 of the Circular, *inter alia*:

- (i) the Bondholder has undertaken to the Company to abstain and procure that its associates will abstain from voting on the resolutions to approve the Proposed Transactions; and
- (ii) the Bondholder shall decline and ensure that its associates decline to accept appointment as proxy/proxies to vote at the EGM in respect of the resolutions relating to the Proposed Transactions for other Shareholders unless the Shareholders concerned shall have given specific instructions as to the manner in which his votes are to be cast at the EGM.

Accordingly, the approval of the Proposed Transactions would be subject entirely to the approval of the independent Shareholders.

APPENDIX – IFA LETTER

5.5.3 Inter-conditionality of the resolutions for the Proposed Transactions

Shareholders should note that the Resolutions in relation to the Proposed Transactions are inter-conditional upon one another. Accordingly, the Proposed Transactions will not be completed if any of the Resolutions failed to be approved by the independent Shareholders of the Company in the upcoming EGM.

6. OUR OPINION

In arriving at our opinion in respect of the Proposed Transactions, we have reviewed and have deliberated on the following key considerations which we consider to be pertinent in our assessment:

- (i) the rationale for the Proposed Amendments and Waivers, as detailed in paragraph 5.1 of this IFA Letter;
- (ii) the historical financial performance and condition of the Group, as detailed in paragraph 5.2 of this IFA Letter;
- (iii) the reasonableness of the terms of the Proposed Transactions, as detailed in paragraph 5.3 of this IFA Letter;
- (iv) the financial effects of the Proposed Transactions on the Group, as detailed in paragraph 5.4 of this IFA Letter; and
- (v) other relevant considerations, as detailed in paragraph 5.5 of this IFA Letter.

Overall, based on our analysis and after having considered carefully the information available to us, we are of the opinion that, on balance, the Proposed Transactions as an IPT, are on normal commercial terms and are not prejudicial to the interests of the Company and the independent Shareholders.

Accordingly, we advise the Independent Directors and the Audit Committee to recommend that the independent Shareholders vote in favour of the resolutions in respect of the Proposed Transactions.

Our opinion herein is based upon market, economic, industry, monetary, regulatory and other applicable conditions prevailing on, and the information provided to us, as of the Latest Practicable Date. Our opinion does not reflect any projections of future financial performance of the Company and/or the Group after the completion of the Proposed Transactions. In addition, our opinion is solely confined to our views on the Proposed Transactions as an IPT.

This IFA Letter is prepared pursuant to Rule 921(4)(a) of the Listing Manual, as well as to advise the Independent Directors and the Audit Committee for their benefit, in connection with and for the purpose of their consideration of the Proposed Transactions as an IPT. Any recommendations made by the Independent Directors and the Audit Committee in respect thereof shall remain their sole responsibility. Whilst a copy of this IFA Letter may be reproduced in the Circular, neither the Company, the Group, the Directors nor any other person may reproduce, disseminate or quote this IFA Letter (or any part thereof) for any other purpose, other than for the purposes of the EGM, the Proposed Transactions as an IPT, at any time and in any manner without the prior written consent of HLF in each specific case.

This IFA Letter is governed by and to be construed in accordance with the laws of Singapore, and is strictly limited to the matters stated herein and does not apply by implication to any other matter.

Yours truly,
For and on behalf of
